

# VERSACHOCK®

**Removable** Cooler/Cargo/Tender Chock Systems  
[www.versachock.com](http://www.versachock.com)

## **Cooler/Cargo Chock Installation Instructions:**

**\*\*\*Note: These are general installation instructions. To be used for reference only.**

- 1. Temporarily place chocks and bases with cooler/cargo in desired location and mark outer hole locations.**

- 2. Remove chocks and cooler/cargo. Mark remaining holes for bases, install bases using screws included (!!Care should be taken for proper clearance under deck, as well as the proper drilling of pilot holes and sealant if necessary)**

- 3. Reinstall chocks and enjoy!**

### Liability

The installation and use of VersaChock products are entirely the customers risk. We highly recommend an experienced technician evaluate the product specification, usage and installation prior to purchase/installation. We also recommend professional installation. *Your safety and customer satisfaction are our number one priority!*
